WORK EXPERIENCE)

Carbonfact – Paris (remote)

02/2022–06/2026

- First employee
- Head of Data, hired and managed a team of 6
- Transitioned to Staff Data Scientist

Alan – Paris (remote)

10/2020–11/2021

- Data scientist
- <https://maxhalford.github.io/blog/one-year-at-alan/>

EDUCATION

PhD in Mathematics and Computer Science – Université Paul Sabatier

2017–2020

- Title : *Machine learning for query selectivity estimation in relational databases*
- Published work on Bayesian networks and online machine learning
- Taught data science and database classes to undergraduates and graduates, supervised end-of-year projects.

MSc. Mathematics – Université Paul Sabatier

2014–2017

- Data analysis
- Data engineering
- Big data
- Machine learning
- Business intelligence
- Software engineering

Mathematics Associate Degree – Toulouse School of Economics

2012–2014

- Real analysis
- Linear algebra
- Microeconomics
- Quantitative finance

SIDEWORK

Open source software

I develop and maintain various open source projects related to data science. In particular, I actively maintain [River](#), which is a Python library for online machine learning. I also made a factor analysis library called [prince](#). Other than that I blog once a month about various topics.

Kaggle competitions

I'm a Kaggle Master and was ranked in the top 250 across the world. I enjoy competitive data science and I find it to be a great way to sharpen my skills.

Consulting and teaching

I occasionally do consulting work related to data science. Mostly I write machine learning exercises and teach data science courses. I also advise on machine learning project architectures. In general I enjoy teaching, whether it be as a TA at university or in a consultant position.

SKILLS

Programming	Very experienced in Python, JavaScript, and Go.
Databases	Strong knowledge of relational databases ; experience with NoSQL.
Data analysis	Numerous case studies done during university projects, internships, and competitions.
Machine learning	Solid theoretical knowledge of the mathematical concepts and hands-on experience.
Cloud	Knowledgeable in the Azure and AWS cloud stacks.
Web	Hands-on practice of "modern" JavaScript (React, Vue.js, Webpack, etc.)
Code quality	Healthy habits regarding coding conventions, documentation, and testing.
Writing	Keen interest in making documentation and writing blog posts.
Languages	Fluent in English and French. Proficient in Spanish.

DISTINCTIONS

Finalist of the International Data Analysis Olympiads (IDAO)	2020
Finalist of the Data Science Games	2018
Winner of « <i>DataConnexions</i> », a national open data competition	2016
Regional mathematics prize winner at middleschool and highschool	2009, 2011, 2012

SELECTED TALKS

Unpack business metrics to explain their evolution @ PyData (Paris)	09/2024
Online Machine Learning with River – @ GAIA (Gothenburg)	04/2023
Online Machine Learning with Creme @ PyData (Amsterdam)	04/2019

HOBBIES

— Modern art
— Running

— Cooking
— Reading

— Programming
— Travelling
